Adult Level I  
Trauma Center

**Hosted at**

ArtsQuest Center at SteelStacks  
101 Founders Way  
Bethlehem, PA 18015

**Please bring a bag of non-perishable food  
to support the Second Harvest Food Bank**

# OBJECTIVES

 The 12th Annual Contemporary Issues in Trauma Conference is a multidisciplinary conference designed to provide trauma education to all levels of health care providers. This conference will address the latest topics in trauma care and is designed to examine current literature and best practices in the field of trauma.

This multidisciplinary conference is intended for physicians, physician assistants, nurse practitioners, nurses, nurse anesthetists, pre-hospital providers, allied health professionals and professional students.

## CONFERENCE OBJECTIVES:

- Examine the history of trauma surgery, the evolution of acute care surgery and the concept of bedside surgery.
- Differentiate between partial and full thickness burns.
- Define the role of the tactical EMS provider.
- Examine current guidelines in the management of acute spinal cord injury.
- Describe the physics and physiology pertaining to the peri-intubation period.
- Identify prioritization decisions in the care of the pediatric patient with multisystem injuries.
- Identify challenges encountered when treating bariatric trauma patients.
- Discuss radiological findings in trauma.
